**Brief Summary of Selected Substantive Portions of this Response**

[0001] In a telephone discussion (on Feb 15, 2007), the Examiners indicated that amending the claims to clearly indicate how the described "limousine" line is used to determine objects to be disproportionately resized from on original screen having a first aspect ratio to a target screen having a second aspect ratio may overcome the 103 rejections.

[0001] This brief summary is not intended to represent the Applicant's full response to the Action. Rather, it is merely a brief summary of selected substantive portions of the response herein.
